### GRADE 1 Parents please note:

To mark the very special occasion of your child moving into elementary school, we would like to follow the German tradition of **the Schultüte**. This is a large decorated cone, which is filled with school supplies, candy and toys. Traditionally children proudly carry the Tüte with them on the first day, letting the whole world know that they are starting school. Although some of our students have already spent a year (or two) in school, the move into elementary school and first grade is still a big step. Although we feel this is a lovely tradition to observe, please feel free to do what you feel comfortable with. The empty Tüte can be bought at any big department store, drugstore or stationers (Kaufhof, Hertie, Karstadt, Müller etc). We would like you to fill it with your child's school supplies or whatever you think is appropriate to brighten your child's day

There is the option of buying a **3-course hot lunch**. Cost: **EUR 4.50/day**. Require a **minimum of 7 orders as is delivered from Plieningen**.
